Resources

A recommended calculus book (you don't need this book): Calculus and its applications, Goldstein, Schneider, Lay and Asmar. 12th edition. 2009. Prentice Hall.

Canvas site. The site contains the class notes and practice exams and is a place where you can post questions and comments.

To get help with this class

Use the discussion board in Canvas. The TAs will be monitoring the discussions to provide quick responses to your questions. Your fellow students may also respond.

Email the TAs.

Visit the TAs in their office hours in the Statistics department seminar room, fourth floor JMHH.

Go to the review sessions.

Make sure you have looked at the practice exams available on Canvas.
